Brief Description of Auditor Resource Needed:

Join DEKRA Certification GmbH as an Auditor specializing in the Mobility Sector. In this dynamic role, you will not only ensure the maintenance and enhancement of accreditations but also contribute to the integrity and quality of our certification processes.

Key Responsibilities

As an Auditor, your responsibilities will include:

- Internal Audits: Conducting comprehensive internal audits and coordinating branch and witness audits with a focus on IATF standards.
- Certification Process Review: Evaluating and making decisions on certification processes, including veto assessments, to ensure compliance and quality.
- Collaboration with Sales: Working closely with the sales team to facilitate the effective commercial management of orders.
- Process Improvement: Developing, revising, and updating industry-related processes, procedures, and work instructions to meet evolving standards and client needs.

Qualifications

To be successful in this role, you should possess:

- A completed university degree or a master's/technician qualification in a relevant field.
- A minimum of 4 years of professional experience in a similar role, preferably in the automotive sector.
- Experience in quality management and the certification of management systems.
- Several years of proven experience as a Lead Auditor in the automotive sector, with a preference for IATF experience.
- Strong process-oriented thinking and analytical skills.
- Excellent decision-making capabilities, assertiveness, and resilience under pressure.
- Outstanding communication skills and the ability to work effectively in teams.
- Proficiency in English and German, both spoken and written; additional languages are a plus.
